*VII International scientific conference*  
**"PROBLEMS OF COMPLEX DEVELOPMENT OF GEORESOURCES"**

*The conference is held in a year of the 35 anniversary of Mining Institute FEB RAS*

**September 25-27, 2018.**  
**Khabarovsk, Russia**

VII International scientific conference "Problems of Complex Development of Georesources" organized by Institute of mining of the Far Eastern Branch of the Russian Academy of Sciences together with the Ministry of natural resources of Khabarovsk Krai and Institute of mining of the North of N.V. Chersky of the Siberian office of RAS will take place in Khabarovsk, in 25-27 September, 2018.

A wide range of topical issues is supposed to be discussed in the conference. Some of them are production and processing of mineral raw materials; development of mineral deposits in difficult mining-and-geological conditions; planning the directions of efficient and safe development of a subsoil. The Conference brings together researchers, educators and practitioners representing research and educational institutions, companies, government agencies and consulting organizations from different parts of the world to exchange ideas, to define the research priorities in the fields of geosciences.

### **CONFERENCE TOPICS**

1. Geotechnological and geomechanical problems of development of subsoil.
2. Problems of complex processing of mineral raw materials and new technologies of mineral processing.
3. Strategic, geo-environmental and economic problems of subsurface use.

### **CONFERENCE ORGANIZERS & COMMITTEE**

**Chairman of the  
Organizing Committee  
Assistant  
Chairman**
